

April 7, 1975

I get a written amendment to that, I certainly would.

SENATOR MAHONEY: I will do so.

PRESIDENT: Senator Koch.

SENATOR KOCH: Mr. President and members of the body, I come from an area that was tremendously interested in this piece of legislation a year ago. In fact, I helped them with the legislative body before I was a part of it. These same people, who are members of the Tri-valley Mutual Association, the Missouri Valley Association, today seem to find this bill palatable. I, therefore, move the previous question and we adopt the amendments to this bill.

PRESIDENT: The question is, shall debate cease. Record your vote. Record, Mr. Clerk.

CLERK: 28 ayes, 1 nay to cease debate.

PRESIDENT: Motion carries. Senator Kennedy, do you wish to close by way of reply to any contrary argument.

SENATOR KENNEDY: I...rather than get lengthy, I certainly would accept any questions again. I think we discussed the entire bill with the amendments.

PRESIDENT: That's not the purpose of a close. You are now permitted to answer anything that came up.

SENATOR KENNEDY: There is no white lights on as far as you are concerned.

SENATOR KENNEDY: I would like to close then with the idea that LB 418 with the Committee amendments be advanced from General File to E & R and to answer...to answer the questions, Senator Mahoney's, I am sure I will make an attempt to go to all people involved because it has been taken out through the state. It has been taken to the cities. We have been very careful to include to the smallest town with an ambulance service. I particularly know the mayor came down here and spoke. He set on two or three meetings that we had from the little town of Lindsay that has 284 population, Mr. Melcher. He has taught in the EMS educational classes. He is very interested in serving the people in Nebraska in good safety and good ambulance service deliverance. So at this time, I would ask then that LB 418 be advanced to E & R...

PRESIDENT: Oh, no, we have an amendment.

SENATOR KENNEDY: Oh, you have an amendment.

PRESIDENT: Don't we have a Committee amendment, Mr. Clerk?

CLERK: A Committee amendment.

SENATOR KENNEDY: Oh, didn't we adopt the Committee amendments?

PRESIDENT: No.

SENATOR KENNEDY: Well, then I would ask for the Committee
